

<p>To eliminate pricing confusion, we have eliminated the die charges on all tags. However, we can still get you a <u>specialty die</u> made for \$100</p> <p><i>The Perfect Cattle Tag lettering is available in 1/16" & 1/8" letters. All the shapped tags have 3/32", 1/8", and 3/16" letters available. Unless you order a die, or already have a die on file, all shapped tags will be letter set in these sizes. We will position and use as large a lettering as possible on all tags, depending on your desired lettering. Keep in mind, the more letters desired per line, the smaller the letters would be. We will fit as much as possible on the face of the tag.</i></p> <p>Some lettering such as phone #'s could end up on the shank if needed.</p>	(PC) Perfect Cattle & (PS) Perfect Sheep Tags
